

Hand Held Microphone

Incorporating a superior anti-shock mount for the cardioid microphone capsule to ensure minimal handling and cable noise transfer, VM 100 is also physically well balanced for low hand stress.

Hand Held Microphone

Suitable for all applications – speech, vocals, musical instruments – it features excellent transient response, providing clean, articulate sound.

Anti-pop protection and the ability to withstand rugged operational conditions is provided by the hardened steel outer mesh of the microphone head, lined internally with open cell foam and a fine steel mesh.

A gradual response 'lift' of 2dB peak between 2KHz and 10KHz and a rolloff from 12KHz at approximately 8dB/octave ensure uncompromised clarity.

In-built 'silent' ON/OFF slide switch. Detachable 5m XLR terminated cable supplied.

TECHNICAL SPECIFICATION

VM100 Hand Microphone

Capsule

Moving Coil Dynamic
In built 'QUIET' ON/OFF slide switch

Sensitivity

-55 ± 3dB

Frequency Response

50Hz – 14KHz

Polar Characteristic

Cardioid

Output Impedance

600R nominal

Dimensions

190mm long x 50mm max diameter

Weight

300 gram

Terminations

3PIN XLR, detachable cable supplied
